No. 25(1)/44/2017-WR
Government of India
NITI Aayog
(WR & LR Division)

Sansad Marg, New Delhi
Dated: 25.04.2018

Subject: Uttarakhand Water Management Project - reg.

The Uttarakhand Water Management Project was considered in 81st meeting of Screening Committee of Deptt. of Economic Affairs (DEA) on 15.3.2018. The Principal Secretary, Govt. of Uttarakhand has forwarded the proposal and mentioned that as per DEA observations, the proposal needs to be vetted by the NITI Aayog before it may be considered for external assistance (World Bank) for a cost of Rs. 910 crores (Rs. 700 crores World Bank and Rs. 210 crores State Govt).

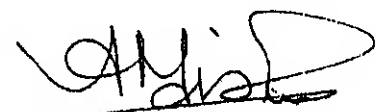

The proposal has been examined in NITI Aayog and NITI Aayog supports the proposal in-principle, with the following recommendations:-

1. State Government may consider handing over irrigation structures after completion/ renovation to farmers' organizations for maintenance.
2. Water pricing may be done in a manner so as to meet at least the O&M costs of the systems.
3. Implementation shall be done in a manner that none of the activity is against the rules and regulations embedded under Eco-Sensitive Zone.
4. Some similar activities are already being implemented under MIDH, RKVY, MGNREGA, PMKSY- Watershed Component and other centrally sponsored schemes. The State Government may laydown the mechanism which is scheduled to be put in place for avoiding overlaps and double reporting.

This issues with the approval of CEO, NITI Aayog.

OFFICE MEMORANDUM**Subject: Project proposal for "Uttarakhand Water Management Project (UWMP)" submitted by Govt. of Uttarakhand for World Bank funding.**

The undersigned is directed to inform that the revised Preliminary Project Report/ Concept Note for Uttarakhand Water Management Project (UWMP) was received in the Ministry on 13.11.2017 for World Bank funding with total financial outlay of Rs.2200 crore. The objective of this project is to enhance agriculture productivity and improve efficiency by renovation of around 400 minor irrigation canals, 12 nos. of lift canal schemes, 277 nos. of deep tube wells including their field water distribution system. It also envisage construction of new structure such as 51 lift canal schemes, 235 tube wells and 5 nos. of multipurpose barrage & reservoir and 23 nos. of multipurpose barrage & reservoir for water conservation and ground water recharging.

2. The project proposal has been examined in various specialized directorates of Central Water Commission (CWC) and also considered and recommended in the screening committee meeting of CWC for appraisal of concept note as per guidelines held on 22.12.2017. The CWC has recommended the proposal subject to certain conditions that require to be taken care of at the DPR stage.

3. In view of the above, this Ministry conveys its in-principle approval to the revised Concept Note for UWMP for World Bank funding, subject to conditions as stipulated in the CWC letter dated 22.12.2017 (copy enclosed) to be complied in the DPR stage by the Uttarakhand Government.

This issues with the approval of Hon'ble Minister, MoWR, RD&GR.

Finance Section-1

Dehradun: Dated : 10 May, 2018

Subject- Debt Sustainability Certificate for Uttarakhand Water Management Project;
submission of Self-certifying criteria regarding.

Reference-Letter No. 1/02/2018 F.B.III, Dated 09 February 2018.

Dear Sir,

With reference to the above-mentioned proposal of the Irrigation Department, Government of Uttarakhand, self-certification by the State regarding EAPs is furnished below:

- i. Loan of Rs 700 Cr sought from World Bank regarding the project, Water Management Project, would generally be utilized in areas within the overall National priorities and harmonize with National objectives and that this proposal does not overlap with an already available source of funding.
- ii. The State's contribution for the project (i.e. counterpart funding Rs 210 cr) will be borne by the State.
- iii. For the Loan passed on to the State, the commitment charges, foreign exchange risks, etc. would be borne by the State.
- iv. In case the loan requirements tend to breach the overall borrowing ceiling of the State during the loan disbursement period, the State will substitute an otherwise agreed source of borrowing so as to remain within the net borrowing ceilings.

Yours Sincerely,

(Amit Singh Negi)
